

COVER LETTER AND RESUME TIPS

How to write a cover letter, build a resume, tailor a resume and prepare a video resume. Worksheets and templates are included for practice.

COVER LETTER

The main role of a cover letter is to introduce yourself to the employer and encourage them to read your resume. It also aims to show them that you are the right person for their business.

1. Keep it short - 2-3 paragraphs
2. Explain why you are a good match for the job by sharing your skills and personality traits
3. Address the specific person and business you are applying to
4. Check for spelling and errors - first impressions count!

TAILORED RESUME

A tailored resume is written for a specific job, reflects the needs of the employer and clearly demonstrates why you are right for the job.

FOUR STEPS

1. Scan the job advertisement for key words
2. Research the company
3. Prepare your pitch
4. Use your knowledge of the company

VIDEO RESUME

A video resume/portfolio may be requested by an employer instead of the traditional paper based resume. You need to decide if it is the right approach for you and if it will help your job search efforts.

1. Be professional
2. Prepare a script
3. Use visuals to illustrate
4. Keep it short
5. Know your audience
6. Make sure it can be shared
